

Man walks 800 miles to promote Sheriff Mack and the CSPOA

by: TFPF staff writer, Kurt Krueger

I was asked to do an interview with Mark Barrett and his relationship with the Constitutional Sheriffs and Peace Officers Association (CSPOA). Not knowing either one, I called Mr. Barrett. Wow!

Mark is a modern day pioneer. He uses earth and science to supply his needs. He's really a fascinating guy with stories to tell. He's also a hiker. Mark had read the book by Sheriff Richard Mack titled "The County Sheriff America's Last Hope"

Mark was so inspired by Sheriff Mack's Book that he decided to hike The Arizona Trailhead which is over eight hundred miles and promote Sheriff Mack and the CSPOA. Who is Sheriff Mack? From the CSPOA, "In 1994, Mack and six other Sheriffs from across the country, challenged the constitutionality of the Brady Bill and ultimately, fought it all the way to the United States Supreme Court, where they won a monumental decision for freedom". This was the first time that an American Sheriff Sued the Federal Government and won.

Sheriff Mack saved the second amendment by using the tenth amendment of States Rights!

Mr. Barrett was so intrigued that he contacted the CSPOA and was turned over to Steve Tuminello Media Relations for the CSPOA.

"Sheriff Mack had the courage to stand for the independence of county sheriffs and defended the Constitution against the Congress of the United States, and the Supreme Court agreed with him! This was one of the most important States' Rights cases in American history."

Judge Andrew Napolitano

Steve had his assistant, John Wright, create a sign and QR Code cards with the CSPOA web site for Mark to hand out on his journey.

So, while he's hiking, he meets people and informs them of the CSPOA and how important it is to elect Constitutional Sheriffs since it is the duty of a Sheriff to protect the constitutional rights of those in their jurisdiction.

In one of my calls to Mr. Barrett connected us with Steve Tuminello and Steve told me the Hava-Patriots Organization will be having a meeting in Lake Havasu City on the following Thursday and asked me to join them, which I did. I got

to meet Mr. Tuminello in person and a few other folks that were members of Sheriff Mack's Posse. The folks that showed up were God, Guns, and Country people, True American Patriots and you

could feel it. It was like meeting a family you didn't know you had. Ron Gould from the Mohave County Board of Supervisors was there to speak and did a Q&A. I never met Mr. Gould but I did vote for him, and I voted right. Then Randy Miller, Arizona State Director for the CSPOA,

was next to speak. He spoke about the Constitution. Wow! I wish I knew the words to explain how small I felt knowing so little about

our own Constitution. It was very eye opening.

What did I learn from all of this? First, I need to learn more about our Constitution. I also need to learn more about our Sheriffs during election time. It would also help if I was braver in asking questions, knowledge is your best weapon. I can also do what Mr. Barrett does and help spread the word about what the CSPOA is and why they are important to protect our rights. We all have questions so it's important to go to the Hava-Patriot/CSPOA meetings and visit with folks like Mr. Tuminello, Mr. Dave Lerner, Mr. Randy Miller, Mr. Ron Gould, and their teams and ask questions. I will leave you with this, Randy Miller made it clear about...

"For the People, By the People, To the People." We are the "People" and that is why the County Sheriff is the Chief Law Enforcement Officer in the County, because he or she derives their power from "We the People"
